Such information, to the extent deemed or determined to have been not "filed" under applicable law, shall not be deemed incorporated by reference in any filing by us under the Securities Act of 1933, as amended (the "Securities Act"), except as shall be expressly set forth by specific reference in such a filing.

Forward Looking Statements

There are "forward-looking statements" contained in this this Report and the attached Release, and any statements that may be made in the conference call referenced above. There also are "forward looking statements" contained in SGRP's Annual Report on Form 10-K for its fiscal year ended December 31, 2013 (the "Annual Report"), as filed on March 31, 2014, with the Securities and Exchange Commission (the "SEC"), in SGRP's definitive Proxy Statement respecting its Annual Meeting of Stockholders currently scheduled to be held on May 15, 2014 (as filed, the "Proxy Statement"), which SGRP plans to file with the SEC pursuant to Regulation 14 A in April of 2014, but not later than 120 days after the end of the Company's 2013 fiscal year, and in the Company's other filings under applicable law with the SEC (including the Annual Report and the Proxy Statement, each a "SEC Report").

"Forward-looking statements" are defined in Section 27A of the Securities Act of 1933, as amended (the "Securities Act"), Section 21E of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and other applicable federal and state securities laws, rules and regulations, as amended (together with the Securities Act and Exchange Act, collectively, "Securities Laws"). The Company's forward-looking statements include, in particular and without limitation, the discussions in the Annual Report under the headings "Business", "Risk Factors" and "Management's Discussion and Analysis of Financial Condition and Results of Operations". You can identify forward-looking statements in such information by the Company's use of terms such as "may", "will", "expect", "intend", "believe", "estimate", "anticipate", "continue" or similar words or variations or negatives of those words.

You should carefully consider all forward-looking statements, risk factors and the other risks, cautions and information noted in this Release, the Annual Report, the Proxy Statement and the other SEC Reports that could cause the Company's actual assets, business, capital, cash flow, credit, expenses, financial condition, income, liabilities, liquidity, locations, marketing, operations, prospects, sales, strategies, taxation or other achievement, results, risks or condition to differ materially from those anticipated by the Company and described in the information in the Company's forward-looking statements, whether express or implied, as the Company's anticipations are based upon the Company's plans, intentions, expectations and estimates and (although the Company believe them to be reasonable) involve known and unknown risks, uncertainties and other factors that could cause them to fail to occur or be realized or to be materially and adversely different from those the Company anticipated.

Although the Company believes that its plans, intentions, expectations and estimates reflected or implied in such forward-looking statements are reasonable, the Company cannot assure you that such plans, intentions, expectations or estimates will be achieved in whole or in part, that the Company has identified all potential risks, or that the Company can successfully avoid or mitigate such risks in whole or in part. You should carefully review the risk factors described below (See Item 1A – Risk Factors - in the Annual Report) and any other risks, cautions or information contained or incorporated by reference into this Release, the Annual Report or other applicable SEC Report. All forward-looking and other statements or information attributable to the Company or persons acting on its behalf are expressly subject to and qualified by all such risk factors and other risks, cautions and information.

You should not place undue reliance on the Company's forward-looking statements and similar information because the matters they describe are subject to known and unknown risks, uncertainties and other unpredictable factors, many of which are beyond its control. The Company's forward-looking statements, risk factors and other risks, cautions and information (whether contained in this Release, the Annual Report, the Proxy Statement or any other applicable SEC Report) are based on the information currently available to the Company and speak only as of the date specifically referenced, or if no date is referenced, then as of December 31, 2013, in the case of the Annual Report or the Proxy Statement or the last day of the period covered by any other applicable SEC Report. New risks and uncertainties arise from time to time, and it is impossible for the Company to predict these matters or how they may arise or affect the Company. Over time, the Company's actual assets, business, capital, cash flow, credit, expenses, financial condition, income, liabilities, liquidity, locations, marketing, operations, prospects, sales, strategies, taxation or other achievements, results, risks or condition will likely differ from those expressed or implied by the Company's forward-looking statements, and such difference could be significant and materially adverse to the Company and the value of your investment in the Company's Common Stock.

The Company does not intend or promise, and the Company expressly disclaims any obligation, to publicly update or revise any forward-looking statements, risk factors or other risks, cautions or information (in whole or in part), whether as a result of new information, risks or uncertainties, future events or recognition or otherwise, except as and to the extent required by applicable law.

SPAR Group Announces Financial Results for the Year Ending December 31, 2013

WHITE PLAINS, N.Y., April 1, 2014 (GLOBE NEWSWIRE) -- SPAR Group, Inc. (SGRP) ("we", the "Company" or "SPAR Group"), a leading supplier of retail merchandising and other marketing services throughout the United States and internationally, today announced the financial results for the year and fourth quarter ending December 31, 2013. Revenue for the 2013 year and fourth quarter totaled \$112.0 million and \$31.8 million, an increase of 14% and 8%, respectively. 2013 Earnings per share, after an adjustment to the Company's deferred tax valuation allowance, resulting in a one-time gain in earnings per share of \$0.09, were \$0.15 and \$0.14 per diluted share for the fiscal year and fourth quarter, respectively.

Jill Blanchard, Chief Executive Officer of SPAR Group, commented, "The 14% growth in revenue achieved in 2013 on a year-over-year basis falls in line with our expectations. Our revenue would have exceeded our revenue guidance of \$115 million for 2013, however as disclosed previously we made a strategic decision to exit our \$4 million per year business in Romania. Growth during the year was driven by successfully integrating key acquisitions in South Africa and India."

Ms. Blanchard continued, "It is our primary goal to expand our market footprint, while constantly bolstering relationships with some of the world's largest retailers and consumer goods companies. Going forward, growth will be driven by a two-pronged approach. First, organically, we are focused on strengthening and expanding the value we deliver to our customers worldwide. A strong indication of our added value is evidenced by our recent renewals and contract extensions with Family Dollar, servicing 8,000 stores and BioLab, servicing 2,400 stores, including Wal-Mart. Secondly, there is tremendous untapped opportunity for us internationally both with multi-country customer engagements and geographic expansion."

Financial Highlights for the Year Ending December 31, 2013

- 2013 revenue totaled \$112.0 million, an increase of 14%, as compared to \$98.6 in 2012;

- 2013 gross profit totaled \$27.6 million, an increase of 5%, as compared to \$26.4 in 2012;
- 2013 net income, after an adjustment to the Company's deferred tax valuation allowance, resulting in a one-time gain in net income of \$1.9 million, totaled \$3.4 million as compared to \$2.9 million in 2012;
- 2013 basic earnings per share was \$0.16 and diluted earnings per share was \$0.15 as compared to \$0.14 for both basic and diluted earnings per share in 2012;

The \$12.0 million increase in international revenue year over year was due primarily to recent integrated acquisitions in South Africa and India, as well as continued organic growth in Mexico, China and Japan. The \$1.5 million increase in domestic revenue year over year was due to the acquisition of certain assets from MFI, partially offset by a decrease in existing client spending during 2013 compared to 2012.

Internationally, gross profit margins for 2013 were 20.0% as compared to 22.4% in 2012, primarily due to lower margin business in Mexico and Canada reflecting their dedicated service models and the mix of business in India. Domestic margins for the fiscal year 2013 were 31.6% compared to 32.4% during the same period 2012. The slight decrease in domestic gross profit margins are related to an unfavorable mix within both syndicated and project work compared to last year.

International operating income increased \$1.2 million year over year due primarily to 2013 expansion in South Africa and India and improvements in operating results in Mexico, Japan and China. Domestic operating income declined \$2.2 million year over year primarily due to incremental selling, general and administrative expenses in support of the assets acquired from MFI earlier in the year.

For the year ended December 31, 2013, based on management's reassessment of the amount of its deferred tax assets that are more likely than not to be realized, the Company recorded a release of \$1.9 million of its net valuation allowance of \$3.8 million. The Company's deferred tax assets were primarily the result of U.S. net operating loss carryforwards and the remaining valuation allowance recorded against its gross deferred tax asset balance as of December 31, 2013, and 2012, were \$1.9 million and \$4.2 million respectively.

The Company reported net income attributable to SPAR Group, Inc. of \$3.4 million for the year ended December 31, 2013, or \$0.15 per diluted share, compared to net income of \$2.9 million for the year ended December 31, 2012, or \$0.14 per diluted share. Adjusting for the one time impact of the partial release of the valuation reserve, the Company's earnings per share would have been \$0.07 on a diluted basis for the twelve months ended December 31, 2013.

Financial Highlights for the Fourth Quarter Ending December 31, 2013

- Revenue for the 2013 fourth quarter totaled \$31.8 million compared to \$29.6 million for the same period in 2012;
- 2013 fourth quarter international revenue totaled \$19.6 million, an increase of 11%, as compared to \$17.7 million in 2012;
- 2013 fourth quarter gross profit totaled \$8.7 million, an increase of 9%, as compared to \$8.0 million for the same period in 2012;
- 2013 fourth quarter net income totaled \$3.1 million, as compared to \$1.3 million for the same period in 2012, primarily driven by the \$1.9 million deferred tax valuation allowance adjustment noted above;

International revenue for the fourth quarter of 2013 was \$19.6 million as compared to \$17.7 million for the same period in 2012. The increase in international revenue was directly attributable to a newly integrated acquisition in India and organic growth in Japan. Domestic revenue for the fourth quarter of 2013 at \$12.2 million was up slightly from the same period in 2012.

Due to the holiday season, the Company's gross profit margin in the fourth quarter is typically its strongest performance period. In 2013, the Company's gross margin improved to 27.4% compared to 26.9% for the same period in 2012. Internationally, the gross margins improved to 23.0% compared to 22.4% for the same period in 2012 and Domestic gross profit margins improved to 34.4% compared 33.6% to the same period in 2012.

International operating income for the three months ended December 31, 2013 more than doubled to \$1.3 million compared to approximately \$600,000 for the same period in 2012. The positive change in international operating income was a direct result of our expansion efforts in South Africa and India and improvements in Mexico. Domestic operating income for the three months ended December 31, 2013 declined 44% to \$700,000 compared to the same period in 2012. The decline in domestic operating income was partly due to increased spending in support of the assets acquired from MFI earlier in the year and increase in corporate spending.

The Company reported net income attributable to SPAR Group, Inc. of \$3.1 million for the three months ended December 31, 2013, or \$0.14 per diluted share, compared to net income of \$1.3 million or \$0.06 per diluted share for the same period in 2012. Adjusting for the one time impact of the partial release of the valuation reserve, the Company's earnings per share would have been \$0.06 on a diluted basis for the three months ended December 31, 2013.

Balance Sheet as of December 31, 2013

As of December 31, 2013, cash and cash equivalents totaled \$2.8 million. Working capital was \$10.0 million and current ratio was 1.6 to 1. Total current assets and total assets were \$25.6 million and \$34.3 million, respectively. Current and total liabilities were \$15.7 million and total equity was \$18.6 million as of December 31, 2013.
